## Welcome Fall!

Colorful leaves, cool weather, and jacket wearing time is among us. Fall sure did greet us quickly! So please take the time to read over our Parent Handbook and refresh yourself on our sick child policies. It does benefit the child to stay home and get that much needed rest to feel better. It also helps to keep the whole Center healthy.

With Fall in the air please remember it is really important to dress your child appropriately as we do try to get outside each day. Please remember to label, label, label anything that your child brings in. Thank you! Be sure to read this newsletter thoroughly as there are many important dates to make note of!
