

## About our Summer Program

The Magical Years Early Learning Center, Inc. Summer Camp is a magical time for children ages 3 - 8.

This camp is designed for those children who want an experience socializing with their friends while learning. The staff has designed a camp curriculum that will keep the children moving, laughing, and enjoying the summer.

During Summer camp, the children will make new friends, learn new things, create works of art, and experience independence in a fun, safe, and nurturing environment. In addition to in house guests and field trip adventures, the children will enjoy arts &

The Magical Years Summer Camp believes that children learn by doing. Therefore, we provide activities which engage the camper in active participation.

All camp activities are structured so that they are interesting, challenging, rewarding, and fun. We encourage young people to respect and support each other. We provide activities which encourage the campers to explore ways to work as individuals and together as a team, to build friendship.
